Attachment 3 – Proposal Preparation Instructions

A3-7 **Reference:** Price Proposals, D1

Questions: How is the price proposal done for an alternate proposal? Attachment # 3, paragraph D.1 states: ^A separate Technical Proposal (Volume I) and separate Price Proposal (Volume III) should be submitted for each Alternate proposal.~ Paragraph E states: ^Price information for each alternate Proposal should be included in the appropriate section of Volume IV.~ If there are multiple Alternate Proposals ~ are there multiple Price Proposals ~ or all prices in a single Volume of IV?
